## NIGHT CAMP FOR GRADES III TO V

**“To inculcate and foster in students a strong social consciousness so that they may be effective leaders and team players tomorrow.”**

Dear Parents,

You are already aware that we are going to organise a night camp on **Saturday, 24 February, 2024** for the students of Grades III to V, during which we shall engage our students to enhance their social-emotional skills. It will surely be a different experience for our students where they will spend a night without their parents in the school premises along with their teachers and will engage themselves in various activities including adventure activities and will enjoy age appropriate entertainment events such as Magic Shows, Rancho Show, DJ and an Open-Air Theatre.

Away from home, students will learn how to survive out of their comfort zone, be independent and learn teamwork through activities organised. This experience will foster resilience, emotional regulation, and creativity while promoting cultural appreciation and a sense of belonging among peers. It is an opportunity for students to build relationships, manage emotions, develop essential life skills, and ultimately create memories.
