- Photos are to be attested as evidence and references – Related to findings during research, Questionnaires, Survey Pie Charts (if survey taken), and photos of you conducting the survey/interview.
- **The entire project should be Handwritten only.**

5) INFORMATICS PRACTICES

Practical file (30 SQL queries) : Sample Internet link : <https://sultan-chand.com/ws/ipp11/#p=41>

Data Management: (Suggested SQL Commands)

1. To create a database
2. To create student table with the student id, class, section, gender, name, DOB, and marks as attributes where the student id is the primary key.
3. To insert the details of at least 10 students in the above table.
4. To display the entire content of table.
5. To display R.No, Name and Marks of those students who are scoring marks more than 50.
6. Create a student table with the student id, name, and marks as attributes where the student id is the primary key.
7. Insert the details of a new student in the above table.
8. Delete the details of a student in the above table.
9. Use the select command to get the details of the students with marks more than 80.
10. Find the min, max, sum, and average of the marks in a student marks table.
11. Find the total number of customers from each country in the table (customer ID, customer Name, country) using group by.
12. Write a SQL query to order the (student ID, marks) table in descending order of the marks.

6) PHYSICAL EDUCATION

Practical 1: Make a labelled diagram of a 400 m track and field with computations.

Practical 2: Describe the changing trends in sports and games in terms of changes in playing surface, wearable gears, equipment, and technological advancements.

7) APPLIED MATHEMATICS

Complete the Applied Mathematics worksheet provided. It's important to solve each problem step by step and write your answers neatly in your notebook. This practice will help you understand the concepts better and prepare you for upcoming lessons and examination.
