

Write the answer in the boxes as per the properties of multiplication:

1) $6 \times 4 = \square \times 6$

2) $2 \times 1 = \square \times 2$

3) $\square \times 5 = 5 \times 7$

4) $9 \times \square = 3 \times 9$

5) $8 \times \square = 8$

6) $\square \times 5 = 5$

7) $7 \times 0 = \square$

8) $0 \times 3 = \square$

9) $\square \times 4 = 0$

10) $\square \times 2 = 2$
