D. Answer these questions -

Q.1) What are cardinal directions? Name the sub-directions.

Ans- The cardinal directions are the four main compass directions: north, south, east and west commonly denoted by their initials N, S, E, and W respectively.

North-East (NE), North-West (NW), South-East (SE) and South-West (SW) are the four sub-directions.

Q.2) Differentiate between a sketch and a plan.

sketch	plan
a) A sketch is a rough drawing of a place.	a) A plan is a drawing that shows horizontal section of an area.
b) It is not drawn to the scale.	b) It is drawn to the scale.
c) It represents the main features of an area with the help of landmarks.	c) It represents a small area on a large scale in detail.

Q.3) Name the colours used in a map. What do they represent?

Ans - Blue colour is used to represent water bodies; brown is for the mountains; yellow is for the plateaus and green is for the plains.

Q.4) How are symbols useful?

Ans - Symbols give more information in a limited space, making it easier to read and understand maps and locate a place on the map.

Q.5) Name the different types of maps.

Ans - The different types of maps are -

(a) Political map - It shows states, national boundaries and different places

(b) Physical map - It shows the physical features like rivers, lakes etc.

(c) Thematic map - It displays specific information like rainfall, vegetation etc.

Q.6b You have to go towards South to go to a lake while you are on lake trail. The Sun is on your right. In which direction you will turn to go to that lake?

Ans- I will turn towards right two times.
