Name: _____ WS-2

Ch-2 Addition and Subtraction

Q1. Solve the following word problems:-

i. The construction cost of building-A was Rs. 5,45,678 and that of building-B was Rs. 6,67,567. Find the total construction cost of both the buildings.

ii. Find the difference between the smallest 5-digit number and the greatest 4-digit number.

iii. How much is 34,567 less than 1,45,678?

iv. By how much is 7,89,456 greater than 5,45,789?

v. Raj earned Rs. 50,000 in a month. How much did it saved if it spend Rs. 42,678 at the end of the month?

Q2. Estimate the sum or difference by rounding off each number. Also find the sum:-

i. 345 + 789

ii. 4567 + 2345

iii. 45678 – 23678

iv. 56789 + 34567

Q3. Subtract the sum of 34,567 and 23,678 from 7,78,567
