 - 3. Use Details and Senses**
 - 4. Arrange Ideas in Order**
 - 5. Add Feelings/Opinion**
 - 6. Use Good Vocabulary**
 - 7. End with a Closing Line**
-

My Best Friend

My best friend's name is Rohan. He is my classmate, and we have been friends since Grade 2. Rohan is very helpful, honest, and cheerful. He is always ready to share his things with me, whether it is lunch, books or toys.

Rohan is good at studies and also loves to play cricket. We sit together in class and we also go to the library to read storybooks. His handwriting is neat, and he always completes his homework on time.

The best thing about Rohan is that he never tells lies. He motivates me whenever I feel sad or weak. Our friendship is very special, and I hope we will always remain best friends.

My Pet Dog

I have a pet dog named Bruno. He is a golden-brown Labrador with shiny fur. Bruno is very active, playful, and loyal. He loves to run around in the garden and play with a ball.

Every morning, he waits for me to return from school. He wags his tail happily and licks my hands to show his love. Bruno is very protective and barks whenever a stranger comes near the house. At night, he sleeps near my bed and keeps me safe.

Bruno enjoys eating biscuits and milk, but chicken is his favourite food. I take care of him by bathing him and taking him to the vet. He is not just a pet but also my best companion.

The Park Near My House

There is a beautiful park near my house. It has tall green trees, colorful flowers and a small pond with ducks. Every evening, people come to walk, jog and relax in the park.

The park has swings, slides, and see-saws where children play happily. There are benches for elders to sit and enjoy the fresh air. The gardener waters the plants daily and keeps the park neat and clean.

I often go to the park with my friends. We play hide and seek, ride bicycles and sometimes feed the birds. The park is a peaceful place where I feel close to nature. I love spending time there.
