Q2. Identify the pictures and name them.

Q3. Answer the following questions.

1) How did early human beings learn about farming?

Ans: they noticed that seeds grew into plants, so they started collecting seeds and threw them on clean piece of land. Thus early human beings learned farming.

Q.2) How was the raft made?

Ans: Rafts were made by tying several logs of wood together.

Q.3) why did early human beings settle near valleys?

Ans: They found that the soil was softer in river valleys .water for farming was available from the river, so early human beings settled near river valleys.

Q.4) How did early human beings get the idea of the wheels?

Ans: One day, they noticed a stone rolling down a slope. This way they got the idea of the wheel.

Q.5) Explain different ways in which a wheel is used in our life.

Ans: We need wheels to move from one place to another in this way wheel is used in our life.
