Define

1) Refugee - A refugee is someone who is forced to leave his/her country due to war, persecution or calamities and find safety in another country.

2) Migration - The movement of people from one place to another.

3) Migrants - A person who moves from one place to another in order to find work or better living conditions, within the country.

Answer these questions:

Q1. What is a family?

Ans. A family is a group of people who live together and are related to each other.

Q2. Think about different family structures. How do these family structures impact the lives of children and adults within them? (HOTS)

Ans. There are three types of family structures —

- 1) Nuclear family
- 2) Joint family
- 3) Single-parent family

Children brought up in a joint family are balanced, confident, extrovert and have good communication skill.

Children brought up in a nuclear or single parent family lack the aforesaid qualities.

Q3. Differentiate between immigration and emigration.

Immigration	Emigration
-------------	------------

It is the process of a person entering or arriving to a new country or region

It is the act of leaving one's own country to settle in another.

Q.4. Give three reasons that lead to change in a family structure.

Ans. Three reasons that lead to change in a family structure are -

- 1) marriage
- 2) birth of a child
- 3) death of a person
- 4) increasing expenses

Q.5. Why do you think it's important for communities and countries to show empathy and support towards people who are forced to migrate due to challenging circumstances? How can we show compassion and kindness to those who leave their homes for a safer and better life?

Ans. We should show kindness and compassion to migrants. They are guests who have left their home and family and are strangers in a new land where the people and the environment are new. We can show compassion by welcoming them, avoiding judgement, supporting their basic needs, including them in cultural festivals and always speaking

with kindness and respect.
Q6. Differentiate between immigrants and emigrants.

Ans. Immigrants Emigrants

1) A person who moves to a new country to live there.

1) A person who leaves the home country to settle down and lives permanently into new country.

2) They do not have its citizenship.

2) They obtain citizenship of new country.

* Give Reasons :

1) Our family is important to us.

Ans. Because it takes care of our basic needs and makes us feel safe and loved.

2) Transferable jobs play a significant role in migration.

Ans. Transferable jobs play a significant role in migration as people relocate to new places for work opportunities.
