Que - Ans.

Q-1. What are wild animals ?
Give three examples.

A-1. Animals that live in forests, grasslands and other places away from our homes are called wild animals.

Eg. Zebra, Tiger, Lion.

x.

Q-2. Why do we say that hyenas and vultures help to keep forests and grasslands clean?

A-2. Hyenas and vultures mainly eat the left-over flesh of animals, killed by other animals, so we say that they help to keep forests and grasslands clean.
