Q-8) Case Study: -

Read the passage carefully and answer the questions given below: -

Riya and her family faced many situations in one day. In the morning, her brother went to the government school to study. On the way, they posted a birthday card through the post office. Later, Riya's grandmother felt unwell, so they took her to a government hospital, where the doctor treated her. In the evening, Riya's father deposited money in a bank, and on the way home, they saw police officers helping people cross the road safely. Riya realized that these public institutions work every day to serve and protect the people.

Exercise
