Our Neighbourhood

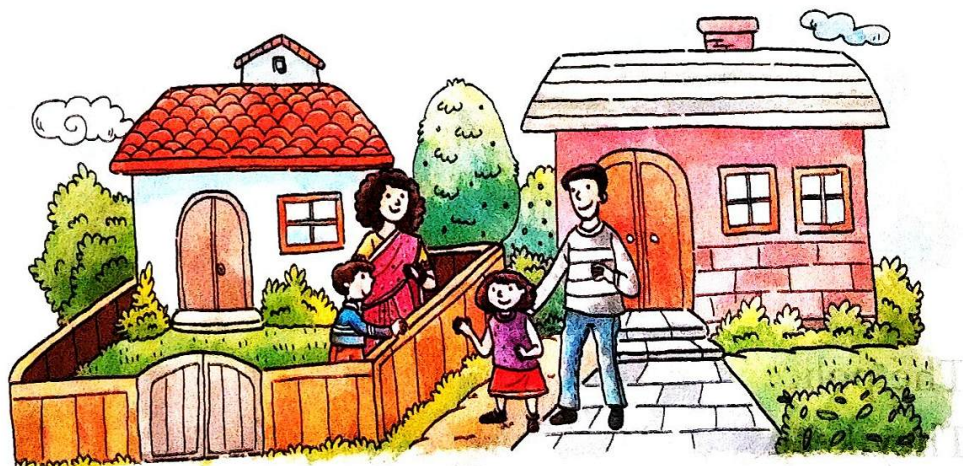

CODE-s555

There are many places near our house.

Some of them are bus stop, bank, post office, market and school.

All these places together form our neighbourhood. The people who live in our neighbourhood are our neighbours.

Neighbours and Neighbourhood

The fire fighters work in the **fire station**. Whenever a fire breaks out in a neighbourhood, we can dial 101 to call a **fire brigade**.

In our Country, 112 is a single, unified emergency response number for police, fire and ambulance services.

A **school** is a place where we go to study.

We learn many things at school. We learn to read and write. We also learn to draw. We learn good manners and good habits. We also learn to share our things with others. We learn all these things from our teachers and classmates.

We sit in the classroom to study. We have desks and benches to sit on. There is a blackboard for our teacher to write on. We have a display board on a wall.

Teacher puts up our craft and drawing work on the display board. Our classroom has many windows. They let in fresh air. We throw waste paper into the dustbin. We should keep our classroom clean.

Granny Says

Always respect your teachers and other helpers in the school.
