The Magic Seeds

Clues :-

Poor farmer → finds strange seeds → plants them → waters daily → giant plant grows → golden fruits → shares with neighbours → village becomes happy → farmer learns value of kindness.

Content :-

Once there lived a poor farmer in a small village. One day, he found some strange seeds near his field. He planted them and watered them every day.

After a few weeks, a huge plant grew. It had beautiful golden fruits. The farmer was surprised and happy.

Instead of keeping all the fruits for himself, he shared them with the villagers. Everyone was delighted. The villagers also helped the farmer with his work.

Soon, the farmer's life became better. He

realised that sharing and kindness can bring happiness to everyone.

Moral :- Kindness always brings happiness.
