Safety is Important

Friends! To be safe means to stay away from injury or damage. Whether at home or outside, you should always follow safety measures for your own good.

Colour the circles green for safe habits/acts, and red for unsafe ones.

Curious Corner!

Do not play with or use sharp objects such as pins, knives, blades or scissors. If you get hurt, inform your parents or an elder immediately.

How to Brush Teeth

Friends! How often do you brush your teeth in a day? Do you brush them properly? Brushing your teeth properly every day makes your mouth feel fresh and clean. It is also good for the health of your whole body.

Wash your toothbrush with a small amount of water. Put a pea-sized amount of toothpaste on the head of the toothbrush.

Insert the toothbrush into your mouth and use gentle, short, circular strokes to brush your front teeth.

Brush the outside surfaces of your teeth, making sure to clean the back teeth and upper areas of your chewing surfaces.

Flip the toothbrush upside down to clean the inside surfaces of your top front teeth. Flip it back to clean the inside surfaces of your bottom front teeth.

Brush your tongue to clean any germ buildup. Spit out from time to time. At the end, rinse your mouth with water.

Curious Corner!

The first bristle toothbrush was invented in China in the 15th century!
