Q-9 Case Study

Riya went on a family trip to Himachal Pradesh. She saw tall snow-covered mountains, beautiful valleys and many forests. Her guide told her that these mountains are the Himalayas. He explained that the Himalayas are very important to India. They stop extremely cold winds from entering India and are also the source of many rivers. The mountains also receive snowfall, which provides water to rivers when the snow melts. People can enjoy trekking, beautiful sight scene of Himalaya region.

Answer the following:

1. Which mountain range did Riya visit?

2. Mention one way in which the Himalayas protect India.

3. Why are the Himalayas important for rivers?

4. Name one activity people can enjoy in the Himalayan region.
